

Referral Guide for Pediatric Cancer and Blood Disorder Patients

We welcome patients from all over the globe who need advanced treatment and specialized expertise. We are available 24/7 to:

- provide a quick and accurate diagnosis,
- discuss your questions or concerns over the phone,
- and offer a second opinion.

How to Refer a Patient

Check your patient's insurance

If Dana-Farber/Boston Children's is not within your patient's network, you may initiate the referral process with their primary care physician/in-network provider.

Contact us

To refer a patient or request a second opinion, call or email the appropriate center, or call our main number: 1-855-320-2090.

| | | |
|--|----------------|-------------------------------------|
| Non-Malignant Hematology | 1-855-320-2091 | hemeclinic-dl@childrens.harvard.edu |
| Leukemia, Lymphoma, Solid Tumors | 1-855-320-2092 | pedi_onc@dfci.harvard.edu |
| Brain Tumors | 1-617-632-2680 | pno_npc@dfci.harvard.edu |
| Stem Cell Transplant | 1-855-320-2094 | pedi_sct@dfci.harvard.edu |
| Node Assessment Program | 1-855-345-6633 | nap@dfci.harvard.edu |
| David B. Perini Jr. Quality of Life Clinic | 1-855-320-2095 | perini_clinic@dfci.harvard.edu |
| Stop & Shop Family Pediatric Neuro-Oncology Outcomes Clinic | 1-617-632-2680 | empowerclinic@dfci.harvard.edu |
| International Office | 1-617-632-2952 | pedi_international@dfci.harvard.edu |

We will work with you and the patient's family to collect all medical information. Our physicians will review these in advance of their first visit.

As your partner in your patient's care, we will work with you throughout treatment, ensuring that you receive regular updates on your patient's status.

If your patient requires immediate care, call our 24-hour Page Service, 1-617-632-3352 and ask for the pediatric hematologist/oncologist on call.
